How to Prepare Your Child's Grades

Virtual Homeschool Program & Virtual Tutor: This school year we have shifted our homeschool program. There are several of your student's courses that are being facilitated through using various virtual program and tutors. This means, it is your responsibility to obtain/gather grades for the different resources and submit to SHABACH! Homeschool.

How do you gather your child's grade from these programs & tutor?

Virtual Tutor: We strongly recommend that you provide the grading periods and due dates to your tutor. We advise that you set a specific date and time for tutor to submit your child's grade.

Power homeschool.org: You will need to calculate all scores that your child received using parent portal and add the letter grade to SHABACH's grade reporting template. This can serve as your documentation for your child's grade where you will transfer letter grade to our report card.

Study.com: You will need to calculate all the scores that your child receives using the parent portal and add that letter grade to our grade report.

<u>Please Note:</u> When calculating your child's grade from the various platforms, please make sure you are using the date range of September 7- November 5th. This is the date range for the 1st quarter. You will continue each range for other quarters.

| How to calculate scores: | Quiz 1= 80% | |
|--------------------------|--------------------|--|
| | Quiz 2= 90% | |
| | Quiz 3= 78% | |
| | Quiz 4= <u>70%</u> | |
